

CONSERVATION PROGRAM

Tankless Water Heater Application

Texas Gas Service Conservation Program is offering a cash incentive for the installation of a new Tankless Water Heater. This investment will help consumers use energy more efficiently by reducing consumption and saving on natural gas costs.

A \$300 incentive is available to qualified Texas Gas Service customers in Austin and Sunset Valley city limits with a base gas service rate Austin I/S Res or Austin I/S Com. The incentive is open to existing and new construction.
